

### **The Courtyard Marriott Montgomeryville Hotel to the Cock 'n Bull Restaurant**

When using online mapping sites, use 544 Dekalb Pike, North Wales, PA 19454 (hotel); and 5750 Upper York Rd New Hope, PA 18938 (Cock 'n Bull) to get close

Turn right out of the hotel parking lot.

With the Montgomery Mall on your left, turn left onto 309/202/Bethlehem Pike

In **0.8 miles**, you'll hit "5-points," the intersection of 309, 202, and 463. Get into the right lane make a **right turn onto 202N** (*not* the sharp right turn onto 463).

You'll go straight to stay on 202N/Doylestown Rd/Butler Ave for ~7 miles.

Just after Delaware Valley College, get onto the onramp to stay on 202N. This is the 202 bypass.

In less than a mile, **take the first exit** to stay on 202N, toward New Hope. You'll go up a ramp, then you'll be on it for a few miles. The bypass ends, and you have the option to go straight or turn left. You want to go straight. You're still on 202, in fact, you never left it.

In about 5 miles, the name of the road becomes 202/263/York Rd.

Rather suddenly, your 50 mph road becomes a 35 mph road, as you're now driving alongside Peddler's Village, which contains a lot of little shops, including the Cock 'n Bull. Towards the end of Peddler's Village, at a light, you'll intersect with Street Road. **Turn Left onto Street Road.**

You're now going through Peddler's Village, passing a few small intersections with names like "Peddler's Lane." In less than a mile, at a white church, **turn left onto 263**. The Cock 'n Bull is immediately on your left. There's a parking lot with abundant free parking to the right.

### **Princeton to the Cock 'n Bull Restaurant**

When using online mapping sites, use  
5750 Upper York Rd New Hope, PA 18938 as the restaurant's address

Take 206N for ~0.5 mi from the edge of campus. At a light, **turn right onto Elm Rd/604.**

Elm Road becomes Great Road. You'll be on Elm/Great Rd. for 4.8 miles. Just after Princeton Sacred Heart School there's a 4-way stop at Cherry Valley Road that comes up quickly. Go straight.

Just after the Cherry Valley Country Club on the left, **turn left onto CR-518/Georgetown and Franklin Turnpike.**

After 3.6 miles, when you're in Hopewell, you'll take a **slight right to stay on 518/Louellen St.** There's a sign that's partially hidden just beforehand that indicates 518 takes a right turn. At the intersection, there is a church, and a large green sign indicating that Lambertville is to the right (which is what you want). If you miss it, you'll end up on West Broad Street (this is where E Broad changes to W Broad.)

Take 518 for 3.6 miles toward Lambertville and Pennsylvania. The road will start to wind more and you'll head down reasonably steep hills. This means you're close to your next turn, onto 29. At the junction of 518 and 29, there's a stop sign. Go straight through it. Then there's another stop sign 50 feet ahead. **Turn right onto 29 and get into the left lane immediately.**

**Immediately** afterward, at the next light, turn left onto 179 to cross into PA. You'll cross the Delaware River. Follow 179 for between one and two miles.

*Sidebar:* Shortly after you cross through downtown New Hope, there's a Lukoil on your right. In the shopping center immediately after the Lukoil is Pierre's Chocolates, maker of the Jacobsons' favorite chocolate. :-). It melts quickly, though, so maybe stop on the way back.

Less than a mile after Pierre's, 179 will intersect with 202 at an intersection you can't miss. **Turn left onto 202 S**, which heads west.

Follow 202 S for 3.6 miles. The speed limit will change from 50 to 35mph, and you'll be able to see two stoplights in a row after a long absence of stoplights. This is Peddler's Village, home of the Cock 'n Bull. At the first of these two lights, **turn right onto Street Road.** Earl's restaurant is on the right.

You're now going through Peddler's Village, passing a few small intersections. In less than a mile, at a white church, **turn left onto 263.** The Cock 'n Bull is immediately on your left. There's a parking lot with abundant parking to the right.

### Doylestown Mennonite Church to the Courtyard Marriott Hotel

Turn right out of the church parking lot onto Sandy Ridge Road.

**Immediately** turn right onto Broad Street.

In ~300 feet, make a **slight right to get onto the ramp for 611 South**. This is just before you cross the bridge over 611, and immediately after Sterling Crest Road.

In about a mile, take the State Street/202 exit off of 611.

At the top of the ramp, get into the left turn lane and **turn left onto 202 S/State Street** toward Chalfont. **BE VERY CAREFUL AS YOU HAVE LIMITED VISIBILITY OF TRAFFIC COMING STRAIGHT AT YOU AS YOU CROSS TO TURN LEFT.** The hill those cars are coming up is very steep.

The two lanes will **merge into the left lane** just after your turn. You'll stay on 202 S for ~7 miles.

You're getting close to your next turn when you cross County Line Road, then see Pinecrest Golf Club on your right.

You'll come to "5-points," a big intersection of 202, 309, and 463.. You want to be in the center lane, which allows you to make a left onto 202 but not a sharp left onto 463. **Make a left onto 309/202/Bethlehem Pike. DO NOT make a sharp left onto 463.**

You'll be on 202/309/Bethlehem Pike for about a mile. You'll pass the Montgomery Mall on your right and a shopping center called Airport Square on your left. Just after Montgomery Mall, **turn right onto Dekalb Pike/Upper State Road.**

At the first light (~500 yards), **turn left into the Chili's/Courtyard Marriott parking lot.** Note that the entrance to the parking lot is just before the sign for the hotel.

Enjoy your stay!

## The Cock 'n Bull Restaurant to Doylestown Mennonite Church (15-20 mins)

This part depends on where you're parked. Get onto York Road/Upper York Road, which is the road the entrance to the restaurant is on. Go on it back the way you came, **turning right onto Street Road** at the white church.

**Turn right at the next light**, onto 202S/Lower York Road.

You'll be on 202S/263/E. State Street for a little over a mile before the next maneuver, which you really need to watch for.

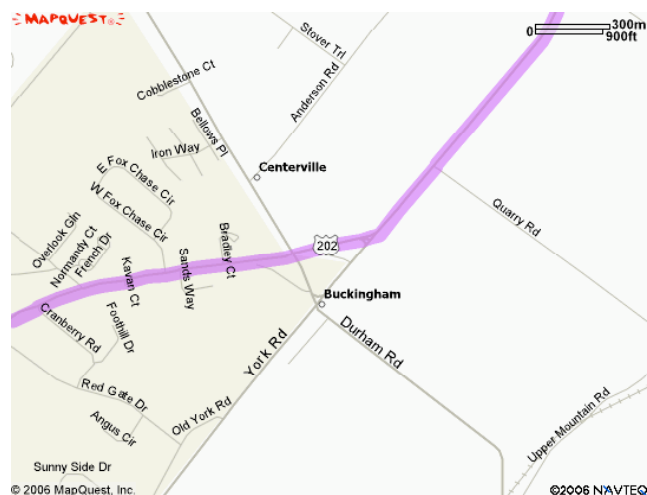

(See map A below) Just after you pass Quarry Road on the left, 202 branches off of 263 at an intersection that's hard to see until you're on top of it. **You want to make a slight right onto 202.** If you miss it, don't panic, just turn right at the next light (Durham Rd), then turn left onto 202 at the next light and you're back on track.

In 3-4 miles, as you enter Doylestown, the road will bend right, then left at Our Lady of Mount Carmel Catholic Church.

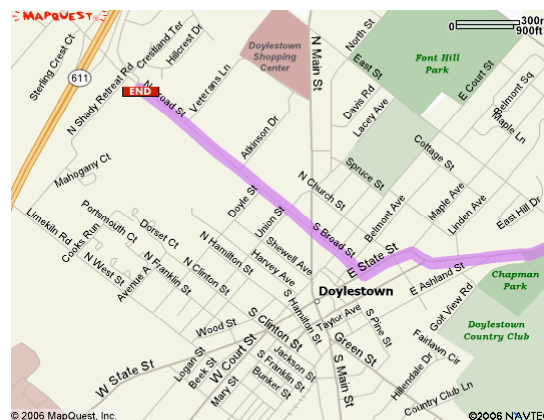

About 0.1 mile later, turn right onto South Broad Street. (If you hit N. Main St, you've gone too far.)

In about a mile, you'll cross the bridge over 611. You're almost there. (and you should be able to see the church ahead on the left). In about 200 yards, **turn left onto Sandy Ridge Drive.**

**Immediately turn left into the church parking lot of Doylestown Mennonite Church.**

Map A (the 202/263 messiness)
